

FAHEEM AHMED KOPPAL

AI Film Production · Marketing & Consumer Research

Hubli, Karnataka, India · +91 8147399657 · faheem.koppal09@gmail.com

PROFESSIONAL SUMMARY

Result-oriented BBA Marketing graduate with specialized expertise in generative AI-driven film production, market research, and consumer behavior analysis. Able to translate brand requirements into AI cinematic content. Passionate about using AI tools to improve traditional production workflows, reduce costs and timelines, and maintain cinema-grade quality.

CORE SKILLS

Marketing & Strategy: Primary market research, consumer buying behavior analysis, brand positioning, CRM.

Generative AI Film Production: AI video generation, prompt engineering, visual storytelling, AI-assisted VFX.

Tools: Higgsfield, Seedance, Kling, Gemini Nano, GPT Image, Cinema Studio, Canva, MS Office.

Professional Attributes: Analytical reasoning, creative problem solving, team collaboration, cross-functional communication.

PROFESSIONAL EXPERIENCE

Red Studios — AI Film Production Intern

July 2026 — Present

- Collaborating in an AI-first production environment on ad films, brand stories, and social content through advanced generative workflows.
- Assisting in the rapid development of cinematic assets, including look-dev plates, style frames, and final render passes.
- Contributing to workflow optimization enabling production cycles up to 10× faster than traditional filming methods.

Royal Enfield — Klasik Motors · Marketing & Research Intern

Jan — Mar 2026

- Authored “A Study on Consumer Buying Behavior” within mid-size motorcycle segments through end-to-end field research.
- Applied percentage-method analysis to demographic data from 106 customers, mapping purchasing triggers and the competitive landscape.
- Worked with sales and service teams to optimize frontline customer engagement touchpoints.
